

Swanland Village Website

The Village website is operated independently and is currently sponsored by Melton Quarry. It is updated frequently with local news and events.

It contains a huge amount of local information with links to numerous local organisations.

The home page is open to all if they want to air contentious comments (providing they are not libellous or illegal).

This website does NOT do cookies! Despite assurance that they “enhance your web experience” they are intrusive, unnecessary and time wasting.

Its address is easy to remember

www.swanland.info
for info about Swanland!
